

The Ballad of RSpec

Paula Muldoon

Paula Muldoon

This is a song a-bout r-spec a tale of sorrow and toil with
doubles and mocks and stubs, what are those?! and a whole lot of fie - ry red code It
start - ed one Sat-ur - day mor - ning With di - a-grams as we were taught! I
fol-lowed the pro-cess which did n't much help 'cuz I could n't tell stubs from a shrub.
This is a song a-bout r-spec a tale of sorrow and toil with
spies-quel-surp rise! and nulls that aren't dull and a whole lot of fie - ry red code. The
fea-ture tests weren't so aw-ful With a gem that we call Ca-py-ba-ra But
un-it tests just my brain turn to dust and there just doesn't seem to be help.
This is a song a-bout r-spec a tale of sorrow and toil I've
come to ex-pect my test to re-ject me with a whole lot of fie - ry red code It
